

**PRODUCT INFORMATION**

**PRODUCT: INJECTOR CLEANER**

**PART NO.: M4912C**

**FUNCTION AND APPLICATION:** Cleans fuel injector nozzles, restoring power to injected engines.

**OUTSTANDING PROPERTIES:** Helps avoid costly repair or replacement of fuel injectors. As a preventive maintenance, to restore fuel economy and power lost through deposit buildup, which alters injector spray pattern and flow properties. Also cleans up exhaust emissions, which may have resulted from inefficient combustion due to clogged injectors. May be used on gasoline or diesel powered vehicles.

**USE DIRECTIONS:** 1. Empty contents of container into a nearly empty fuel tank and refuel. One bottle treats an average tank (up to 75L). Do not refuel until tank is almost empty. For initial treatment, use 2 bottles.

**PRODUCT LIMITATIONS:** In extreme cases of injector clogging due to major build-up of deposits, mechanical repairs may be indicated.

**PRECAUTIONS:** View MSDS at [www.gunk.ca](http://www.gunk.ca).

**DISPOSAL:** Safeguard our environment. Dispose of container, residue, and excess product in accordance with all federal, provincial and local laws and regulations.

**PACKAGING:** 350ml plastic bottle with c/r cap.

**U.P.C. CODE:** 0-60959-13491-1

**WEIGHT PER CASE:** 10 lbs. 4.54 kg

**CASE SIZE:** 10 X 7 X 9 ½
