

PRODUCT INFORMATION

PRODUCT: STOP SMOKIN'

PART NO.: M5714C

FUNCTION AND APPLICATION: Use in gasoline and diesel engines (also turbo charged) to enhance the characteristics of the motor oil, i.e. lower pour point and lessened friction. Keeps oil thicker at operating temperatures. This in turn will reduce oil consumption and exhaust smoking in older cars and reduces wear.

OUTSTANDING PROPERTIES: Regular use will reduce air pollution by reducing oil consumption. Will help quiet a noisy engine and lessen oil blow-by in the cylinders.

USE DIRECTIONS: Allow engine to warm up to operating temperature. Pour entire contents of bottle into crankcase. Add Stop Smokin' with each regular oil change and when crankcase is a litre low between oil changes.

PRODUCT LIMITATIONS: Stop Smokin' will not compensate for a severely worn engine.

PRECAUTIONS: View MSDS at www.gunk.ca.

STORAGE & HANDLING: Keep from water. Store in a cool dry place. Avoid oxidizers. Wearing contact lenses while working with this product is inadvisable. Keep away from children and animals.

DISPOSAL: Safeguard our environment. Dispose of container, residue and excess product in accordance with all federal, provincial and local laws and regulations. Where permitted, dispose of in sanitary sewer systems. Never pour onto ground or into storm or septic sewer systems.

PACKAGING: 428ml gray plastic bottle packed 6 per case.

U.P.C. CODE: 0-60959-02800-5

WEIGHT PER CASE: 6 lbs. 2.7 kg

CASE SIZE: 7 X 5 X 9
