## SUV Fuel System Treatment

CODE: MSUV16C

PAGE: 1 of 1

DATE: JAN 2008

**FUNCTION AND APPLICATION:** Solder Seal®/Gunk® SUV Fuel System Treatment is specifically designed to clean fuel systems in gasoline-powered vehicles with large gas tanks up to 132 L in capacity. Solder Seal®/Gunk® SUV Fuel System Treatment will: cleanup injectors, intake valves, restore acceleration and lost power, reduce stalling and smoothes rough idle, and helps reduce exhaust emissions caused by clogged injectors.

**OUTSTANDING PROPERTIES:** Deposits that form in your fuel system and engine can decrease fuel economy, increase emissions and cause poor idle, power loss, hesitation, knocking and pinging. The synthetic polyetheramine technology in Solder Seal®/Gunk® SUV Fuel System Treatment provides cleanup of fuel injectors, carburetors, intake valves. This product will not harm oxygen sensors, catalytic converters, or other emissions equipment. Can be used with all

gasoline: oxygenated, reformulated, or unleaded.

**USE DIRECTIONS:** One bottle treats up to 132 L of gasoline. Add the entire contents of the bottle to the gasoline tank, and then fill tank. For best results, do not refill tank again until nearly empty.

**DISPOSAL:** Use and dispose of product, container, and residue in accordance with all local, state and federal laws and regulations. Emptied containers contain product residue, so follow all warnings even after container is emptied.

**CONTAINER DESCRIPTION:** This product is available in a 473 ml plastic container. MSDS available on the web at [www.gunk.ca](http://www.gunk.ca)
