

PRODUCT INFORMATION

PRODUCT: **ELECTRIC MOTOR CONTACT & BRAKE CLEANER**

PART NO.: **NM1C**

DESCRIPTION: A colorless, fast-drying solvent-based degreaser in aerosol form.

APPLICATION: Use to clean electric motors, alternators, generators, instruments, electronic controls and brake components.

FEATURES: Non-Flammable, Non-Conductive, fast drying. Dissolves and flushes away greases, oils, gummy residues, tar, brake fluid, etc. Contains no benzene, carbon tetrachloride or acetone.

DIRECTIONS: 1. Spray generously on parts to be cleaned and allow dissolved contaminants to flow off.
2. Allow parts to dry. Repeat process if necessary.

LIMITATIONS: Protect rubber and plastic parts from overspray. Avoid use on rubber, plastic and painted or non-metal surfaces unless first tested for possible attack.

HAZARDS: Keep away from children.

PACKAGING: 567g Aerosol can, packed 12 per case.

U.P.C. CODE: 0-60959-14131-5

WEIGHT PER CASE: 19 lbs. 8.63 kg

CASE SIZE: 11 X 9 X 10
